Visitors can view the reception rooms and beautiful gardens of the Official Residences, decorated with artworks showcasing the artistic achievements of Australian craftsmen or that have a connection with Australian culture and history. These pieces, on loan from *The Australiana Fund*, provide a background for the significant national and international events that take place within the Houses of our Governor-General and Prime Minister.

All entry proceeds go towards new acquisitions and conservation by The Australiana Fund, of artworks for display in the four Official Residences in Canberra and Sydney.

Picnic in the grounds and enjoy the entertainment.

***Please note large bags are not permitted within the Houses however a cloaking tent is available where visitors can leave picnic bags, backpacks and strollers (the tent is attended at all times by our volunteers but items are left at your own risk)**
